

## **Flexible Tuition at Landenberg Christian Academy**

Many families desire Christian education for their children, but find it difficult to afford the tuition costs. It is a priority at LCA to make Christian education affordable to families with diverse financial needs. Not only does LCA work hard to keep tuition rates competitive, but we also offer Flexible Tuition to our families.

What is Flexible Tuition? Flexible Tuition incorporates set discounts that apply to all families such as multi-child discounts, continuous enrollment discounts, as well as ministry and LCA staff discounts. After discounts are automatically applied, families may then choose to submit an application where they may qualify for an additional reduction in tuition costs. Each family's tuition is determined specifically according to their unique qualifications and financial need, and the cost of attendance will fall somewhere within the stated tuition range.
